

PLAYGROUNDS FOR EL PASO CHILDREN

Aoy School to Be Fully Equipped and Large Athletic Field May Be Acquired.

Large playground and athletic field (4 to 10 acres), for all kinds of sports of boys and girls.

Ample playground apparatus and suitable playgrounds for the Aoy school children (the younger children of Spanish speaking parents).

This in brief is the program of the playground committee of the Woman's Charity association, under the leadership of Mrs. W. C. Davis.

A conference was held Wednesday night at the Y. M. C. A., participated in by representatives of the Woman's Charity, the Civic League, the Y. M. C. A. and the public schools, besides a number of business men, to discuss the playground situation.

A committee comprising N. R. Crozier, superintendent of city schools, chairman, with Miss Franklin, director of charities for the Woman's Charity association; Miss Gorbett, principal of Aoy school, and Mrs. W. C. Davis, were requested to formulate a definite plan for the playground equipment and proper supervision of the Aoy school playground.

MOTHERS NEED Scott's Emulsion

Many mothers have learned how much they needed

Scott's Emulsion by taking it to show their children that it was a sweet medicine.

For thirty-five years it has been the best known specific against fatigue and enfeeblement, as well as the standard remedy for warding off and relieving colds and affections of the throat and lungs.

NEAR DEATH BY SMOTHERING

Patched Up Relief Temporarily, but Insistent Husband Finally Effects Deliverance.

Stuart, Va.—"There never has been," says Mrs. Helen Dalton, "and never will be, a medicine to compare with Cardui. I suffered for years, and would often almost smother to death. Medicines patched me up for awhile, but then I would get worse again. Finally my husband wanted me to try Cardui, so he bought me a bottle, and I tried it. It did me more good than all the other medicines I had taken. I have introduced many of my friends to try Cardui, and they all say they have been benefited by its use."

If you are weak and ailing, think what it would mean to recover as rapidly and surely as did Mrs. Dalton.

Cardui will certainly do for you what it has done for thousands of others, with similar troubles.

No medicine without merit could remain in such constant use and show such a continued increase in sales, as Cardui has done. Judge a medicine, as well as a man, by success. Cardui is successful.

Cardui has brought health and happiness to thousands of weak women. Why not to you?

Try it.

BAD DREAMS

Nightmare, Restlessness and Nightswats All Caused By Indigestion.

Half of the nervousness in the world, all of the disturbing dreams and nightmares can be ended in a few weeks by a simple, inexpensive treatment guaranteed by Kelly & Pollard.

Upset stomach is the cause of nervousness and bad dreams. Your food is lying in your stomach undigested and fermenting; it is forming poisonous gases which irritate the pneumogastric nerve that leads direct from the brain, and ends in a network of tiny branches running through the stomach.

It is also the irritation of this great pneumogastric nerve that causes headaches. Many times people have severe headaches and know they are caused by the stomach, but do not know how.

If you are nervous, have dreams or nightmares, and do not sleep sound at night, get a 50 cent box of MI-O-NA stomach tablets and take one or two after or with meals. MI-O-NA stomach tablets relieve distressed stomach in 5 minutes. Sold by Kelly & Pollard and druggists everywhere, who guarantee MI-O-NA to cure indigestion, or money back.

MI-O-NA is the most efficient prescription for indigestion ever written. It has been successfully used in every disease of the stomach. For nausea, belching of gas, constipation, sea and car sickness, and vomiting of pregnancy. It has cured the most obstinate cases of indigestion. Write for free trial MI-O-NA, Buffalo, N. Y., for free trial.

grounds, which plan can be laid before the school board for its consideration. A committee comprising Mrs. H. W. Broadus, Mrs. G. C. Wimberly, Mr. Mitchell of the Y. M. C. A. and Prof. Cord of the high school, who is also athletic director in the schools, was asked to inspect various proposed sites for a large general playground and athletic field and suggest practical means of acquiring suitable ground. The means to be considered, as well as tracts in the lower part of town.

The playground movement this time is starting with a good deal of vigor, and cooperation and plan the plans will be successful does not admit of doubt.

MORE SITES FOR NEW POSTOFFICE

Eleventh Hour Propositions Submitted Are Not Up to Specifications.

James C. Plant, inspector of post-office sites from the office of the supervising architect of the treasury department, Washington, D. C., returned from Las Cruces Thursday morning, where he spent Wednesday on personal business. He will leave Thursday evening for Tucson, Ariz., where he will inspect sites for a federal building to be located there.

Several seventh hour propositions were made Thursday for El Paso sites, but none of them came up to the government's specifications in the matter of location.

The present indications are that the new El Paso postoffice will be located west of El Paso street, and the matter seems to have narrowed down to the question of north or south of San Francisco street.

BULLFIGHT MEAT TO BE LABELED

Meat from bulls killed in the Juarez bull ring will be sold under that label in the future. The city fathers Wednesday night decided that this should be done. The meat will be kept apart from other beef and persons buying it will know that they are purchasing meat from the bull ring.

In the past this meat has been sold from the counters along with other beef, and purchases have not been aware of the manner in which it was slaughtered.

The city council also authorized the purchase of the steam roller which was exhibited at the El Paso fair. It will be used for street cleaning and for the removal of street stands which have been occupying streets in Juarez must move therefrom and hereafter these merchants will have to sell their wares in the market house.

A NAMELESS BABY DIES IN HOSPITAL

Wednesday at St. Mark's hospital there died a two months old baby girl with a history but without a name. The child was taken to the hospital in hope of saving her life but she had suffered so from lack of nourishment that she could not survive.

One month ago the babe was given by its American mother to a Mexican actress named Marie Delgado because the mother could not support it. She was unable to do much for the child and yesterday took the baby to the office of city health officer, A. H. Butler. He noticed that the child was in a dying condition and sent it to the maternity hospital, but the little one lived only a few hours.

PERSONALS.

George B. Oliver, United States commissioner, spent Wednesday and Thursday on a hunt for quail in New Mexico.

George T. Hull, district freight and passenger agent of the Pennsylvania line, will be unable to do much for the child and yesterday took the baby to the office of city health officer, A. H. Butler. He noticed that the child was in a dying condition and sent it to the maternity hospital, but the little one lived only a few hours.

Mr. and Mrs. Woodbury and their daughters, Misses Ruth and Helen, of Mexico, will be at the St. Regis, and will spend several days in the city. Mr. Woodbury is a wealthy shoe manufacturer.

Women get charge of the hospital in Juarez. Women of Juarez are to have charge of the new hospital in Juarez, and the city is to give \$100 per month toward its maintenance. This action was taken at a meeting of the city council Wednesday night. It was also decided by the city fathers of the Mexican town to invite the railroads to contribute toward the support of the hospital.

The women who will have charge of the hospital are Mesdames Josephine Flores de Fernandez, Guadalupe B. Vda. de Cordero, Francisca G. de Montes, Ramona H. de Canales, Anita C. de Solas, Francisca de Ochoa and Ana T. de Rosales. Misses Eugenia, Adela, Uria and Maria Ochoa, all prominent in the social life of Juarez.

CATTLE FROM MEXICO FOR CALIFORNIA TO PASS PORT

A shipment of 20 cars of cattle, consigned to John T. Carroll, is expected to arrive at the border over the Mexican National line Thursday afternoon, according to advices received by the bureau of animal industry. A shipment of 19 cars will arrive over the Mexico North Western from the southern end of the line and will be passed through and sent to California for pasturing.

ENGINEERS SPEND DAY INSPECTING DAM WORK

W. M. Reed, district engineer of the reclamation service, and D. W. Murphy, an engineer from the reclamation office at Washington, left Thursday morning to spend the day at Elephant Butte, inspecting the work on the dam. They will return to the city Thursday evening.

MERCHANTS LEAGUE TO OUTLINE FUTURE POLICY

An important meeting of the retail merchants' league will be held at the chamber of commerce Thursday night at 8 o'clock. The future policy of the league will be outlined and a full attendance of the members is requested.

G. H. IS DELAYED.

G. H. train No. 9, from the east, was delayed three hours and 10 minutes Thursday morning arriving at 10:40 a. m. The delay was caused by the engine of a freight train derailed on the main line ahead of the passenger train near Sierra Blanca. All other morning trains arrived on time.

THE QUICKER A COT IS GOTTEN RID OF THE LESS DANGER FROM PNEUMONIA AND OTHER SERIOUS DISEASES.

Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be the best remedy for colds, influenza, whooping cough, and all other ailments of the throat and lungs. I have recommended it to my friends and they all agree with me." For sale by all druggists.

LONGER THAN LIFE TERM FOR LAWSON

Although he has already been sentenced to spend the balance of his life in the state penitentiary, Frank Lawson, the negro who shot and killed his wife on July 25 last, may be sentenced to spend additional years in state prison.

At the Thursday afternoon session of the 24th district court, two cases against Lawson charging him with assault to murder were called. Lawson's attorney announced his intention of entering pleas of guilty in both cases.

The prosecuting witnesses are postmaster J. A. Smith and Mrs. C. C. Shelton, Lawson's mother-in-law. The woman was wounded by Lawson on July 25. The sentence in each case will be not less than two years.

GAYNOR SIDES WITH STRIKERS

New York, N. Y., Nov. 10.—Mayor William Jay Gaynor sided with the night which promise to bring the strike of express company employees to a head at once. Briefly he forbids the operation of wagons by unlicensed drivers, thus eliminating the strike breakers.

Mayor Witterpepper of Jersey City had already taken this stand and a test case is now in the Jersey City courts.

"At my earnest request," Mayor Gaynor says, "the men withdrew their demands for recognition of the union and also agreed to leave the settlement of hours and wages until after they had resumed work. I supposed, of course, that this would settle the strike, but when I presented the matter to the men, they refused to accept it as a basis of settlement, but wanted an additional condition that they should be free to reject or discharge anyone on the ground that he had joined the union. They rejected what is called the open shop."

JUDGES WILL HOLD OFFICE EIGHT YEARS

New Mexico Supreme Court Justices to Have Long Terms.

Santa Fe, N. M., Nov. 10.—Wednesday afternoon the constitutional convention adopted the report of the committee on judiciary which provides a complete judicial system for the new state. The effort of the Democratic minority were mainly directed to reducing the length of term of the supreme court judges from eight to six years, their salaries from \$6,000 to \$5,000 a year and of the district judges from \$4,500 to \$4,000, the creation of county courts in place of the probate courts and judges elected at a separate election on non-partisan tickets, the nominations to be made by petition, but each of these propositions was voted down.

The judicial system of the state will consist of three supreme court judges to serve eight years but only one to be elected at each general election, to receive \$6,000 a year; eight district judges to serve six years and to receive \$4,500 a year; a probate judge for each of the 26 counties, to serve four years and whose jurisdiction may be extended so as to include minor criminal and civil cases; a justice of the peace for each precinct; a probate clerk in each county, who is also to serve as county and district clerk.

The legislature is empowered to create juvenile, municipal and county courts, to increase the number of judges in each court, to redistrict the territory and to increase the number of judges in each district.

DOCTORS REFUSED HALL

The convention today refused to let the local physicians have the convention hall on Friday evening for a lecture by Dr. J. N. McCormack on the subject of "The International Border." The doctors refused to accept it as a basis of settlement, but wanted an additional condition that they should be free to reject or discharge anyone on the ground that he had joined the union. They rejected what is called the open shop."

ARIZONA DELEGATES ARE UNCONGENIAL

Phoenix, Ariz., Nov. 10.—The judiciary committee of the constitutional convention today reported adversely on the judiciary court bill. The report will give a right to organize a strike, to place pickets and conduct a boycott, and will require a five-year residence as a qualification for United States senators. All these provisions were adopted by a vote of 10 to 5.

A caucus of Democrats was held after convening today but half a dozen Democrats refused to take part.

AMUSEMENTS

CRITICAL AUDIENCES SEE "SALOMY". Not alone is "Salomy Jane" attracting large audiences to the Crawford this week, but El Paso's most critical play-patrons are said to be largely in evidence at every performance. "It isn't a matter of 15, 25 and 35 cents, but a question of 'Are the performers worth while?' The public is the best critic," says manager Rich.

MORE EL PASO TALENT WANTED.

While sufficient local talent has signed for tomorrow night at the Crawford for the program-after-the-show, more is wanted. Singers, dancers, athletes, etc., are desired, the management says.

"A STUBBORN CINDERELLA."

There are 20 catchy song numbers in "A Stubborn Cinderella," including "When You First Kiss the Last Girl You Love," sung by Hazel Kirke, the prima donna, the best song Joe Howard ever wrote.

In the cast with Coit Albertson and Hazel Kirke are Lillian Goldsmith, who played "The Girl" in "The Time, The Place and The Girl"; Mable Charlebois, Neal Burns, Dan Moyles, Bobbie Wagner, Lindor Lefferson, and other favorite players. There is said to be a large and capable chorus, including the famous pony ballet. The attraction comes here Saturday and Sunday, November 12 and 13, with a Sunday matinee. Ticket prices are: Night, 50 to \$2.00; matinee, 25c to \$1.50. Seats are now selling.

PLEADS GUILTY AND IS GIVEN TWO YEARS IN PEN.

Clements Duarte, charged with burglary, pleaded guilty in the 34th district court Thursday and was sentenced to two years in the penitentiary. Ascension Vega, living on Sixth street, was the prosecuting witness.

FLORIDA BEATS ALABAMA IN A TEN-YEAR GROWTH

Washington, D. C., Nov. 10.—The population of Alabama is 2,128,093. This is an increase of 309,396, or 16.9 percent, over 1900.

EL PASOANS IN JUAREZ JAIL.

F. Moody and J. B. Brown are held in the Juarez jail following a complaint made by C. Carrasco of El Paso, that Moody had taken \$16 from him Saturday night. This case will be heard in the court of letters.

HAD PSORIASIS FOR TEN YEARS

Itching and Burning Terrible. Appearance Worse. Had Specialists and X-Ray, with Some Success, Others without Relief. Used Cuticura. In 4 Days Relieved. Inside of 2 Weeks Cured.

"I had been suffering with psoriasis for a period of ten years. It would disappear occasionally for so and then return in worse form than before. The last attack came on a little over a year ago, and by early summer had covered me all over. The itching and burning were terrible, and my appearance was worse. I had tried different specialists and had had the X-rays used on me, sometimes with some success and at other times without relief. In the early fall of 1909 I was induced to try the Cuticura treatment, by a party who had heard of a remarkable cure it had made, and I confess that I started in, not only without faith, but with every prejudice against the medicine. In four days I was relieved of the inconvenience, and inside of two weeks I was cured except for a slight discoloration of the skin which wore off in a few weeks. I subsequently saw my friend Mr. [name] who had the same trouble. When he saw the wonderful effect of Cuticura upon me, he at once started the entire treatment and was well in about ten days. I beg to thank you for the relief you have given me, and if any one wants my testimony as to the merit of Cuticura for that trouble and will send me a stamped envelope with their address on it, I will be glad to send them a recommendation under my own signature. Harry G. Martin, 1003 Colvett Bldg., Baltimore, Md., Mar. 1, 1910."

POLICEMAN IN JAIL.

Thomas Duran, of Juarez, is no longer a policeman. He is in jail charged with drunkenness. Saturday night Duran left his beat on Comercio street in Juarez and, while he was absent looking about town, the store of the Ferner Curio company was burglarized. He was placed in jail and held incommunicado for 72 hours and is still in jail waiting a trial.

WATCHES ONE TRAIN, KILLED BY ANOTHER

Death Comes Unawares to a Mexican Laborer in the Santa Fe Yards.

The fascination of a moving train cost Armando Carrasco, a Mexican section laborer, his life Thursday morning.

Carrasco was at work cleaning the Santa Fe tracks in the yards of that road south of the union depot when the Mexican National train from the south came into view from across the river. He stopped his work to watch the incoming passenger train and did not notice the Santa Fe switch engine approaching from the rear.

The wild scream of an unknown woman, who was a passenger on the incoming train from Mexico, was the first indication that Carrasco's companions had seen the switch engine strike the Mexican, knock him down and grind him under the wheels. Death was instantaneous and the body was horribly mutilated. The remains were carried to the man's house, near the depot.

Carrasco came to El Paso only recently from the interior and had been working as section laborer for the Santa Fe for only a few days. A wife and two children survive him.

ARREST PORTER ON SMUGGLING CHARGE

W. B. Robinson, a negro train porter on the Mexican National railways, running between El Paso and Chihuahua, was arrested by customs inspector Maxwell Thursday morning on the charge of smuggling drawn work into the United States. Robinson, it is claimed, was caught by the inspector while transferring the dutiable goods to his grip.

Maxwell and other inspectors were inspecting the Mexican National train from the south, but were seen by the inspector and placed under arrest. He will be given a preliminary hearing before United States commissioner George R. Oliver.

The Philosophers and the Frog

Dr. Safford, for many years professor of chemistry in the Medical College of the University of Nashville, used to tell his students a fable—the moral of which was "prove it." Certain wise men were gathered together to ascertain the explanation of a statement that when two glasses of water of equal weight are balanced on the beams of a balance scale and a frog is then put in one of the vessels the balance remains the same, thus attempting to prove the assertion that a frog has no weight when immersed in water. Each wise man had his own explanation, and there was much heated argument and discussion. At length one of the wise men said: "But is your statement true? Let's prove it." Or course when it came to proving it, they couldn't.

So when you hear people say that Coca-Cola is injurious, just ask them to prove it. They can't. Nobody can, because it is not injurious. But on the other hand it can be proved that it is not injurious by chemical analysis. Or if you are not a chemist yourself, why not accept the verdict of every competent chemist who ever analyzed it? Eminent College and University Chemists, Commercial Chemists, Government, State and City Chemists—all have analyzed Coca-Cola and not one has ever been able to find anything injurious in it. The very next time you hear anyone say that Coca-Cola contains deleterious ingredients tell him to write the Coca-Cola Co., Atlanta, Ga., for a free copy of their booklet, "The Truth About Coca-Cola." In the meantime write for a copy for yourself—you will find it very interesting.

DEMOCRATS CARRY TOMSTONE ELECTION.

Tombstone, Ariz., Nov. 10.—The entire Democratic ticket was elected in Tombstone. Ed James was elected mayor by 37 majority and George Bravin city marshal by 51 majority. The four successful aldermen are H. N. Ross, Ed Hughes, Harry Rafferty and James Smith.

FIND BEATTIE DEAD FROM PISTOL SHOT

Tucson, Ariz., Nov. 10.—The body of William Beattie, who recently came here from Los Angeles, was found near the side of West Congress street yesterday with a bullet wound through the heart. It is believed the man committed suicide. He was suffering from several disorders and the fact that his coat had been rolled up to make a pillow and a pistol was found by his side indicated that he had taken his own life.

SUPERVISORS MEET.

Solomonsville, Ariz., Nov. 10.—The board of supervisors held its regular monthly session this week.

Born, on Saturday, Nov. 5, to the wife of Rev. J. P. Bray, a son.

Chas. F. Solomon and Arthur Ferris were summoned to the bedside of Mrs. Ferris in Tucson, Ariz. Mrs. Chas. F. Solomon has been with her mother for some weeks. Grave fears are entertained for the life of Mrs. Ferris.

H. W. Bishop, editor of the Arizona Ruralist, and a local real estate dealer, is in Phoenix.

NEW STORE—NEW STOCK.
